

## ABOUT

I'm a passionate front end developer and web designer, I've been working and practicing with different front end technologies and solutions for the past few years. with a deep programming knowledge, I can develop high quality User Interfaces and Web applications either solo or with a team. Whether remote or in office.

## EXPERIENCE

**Self Employed** -  2016 - 2019  
Web developer/designer

I gained a lot of experience by doing some exercise and commercial projects which made me ready for new positions.
